Board of Adjustment

Ted LeBeau, Bernie Engle, Joyce Clifton (Chairwoman), Boyd Adams, Niel Hullinger

Mayor's Message

Christmas for me is a time of many emotions. While I remember and celebrate the birth of Christ, I also remember and express gratitude to those who are close to me. What would Christmas be without expressions of gratitude? In the past I have remembered family members, associates and close friends. This year, having spent some time working with the volunteers and employees who keep our city safe, fun and clean, I wish to express gratitude for all their help.

To the police, crossing guards, our fire and ambulance crews, I am grateful you would allow your personal time and family time to be disrupted at odd hours to keep our citizens safe, and to respond to their emergencies. To our City Council, Planning Commission and Board of Adjustment members, I know and appreciate the many hours spent reviewing, evaluating and working through difficult policy issues every week.

To our front office Staff, Public Works and Parks Departments, I greatly appreciate your handling of day to day matters. By issuing permits, accepting payments, paying our bills, balancing our books, managing our employees, preparing our ordinances, reviewing development plans, meeting with citizens, fixing our water and sewer lines, sweeping or plowing our streets, maintaining and beautifying our parks, and providing recreational programs, you are the machinery that keeps our city going smoothly.

I wish to thank all of the volunteers who serve on other committees not mentioned. Your efforts are greatly appreciated. It is unfortunate that we could not get every volunteer organization pictured. It is your work that meets our citizen's daily needs. To all I've mentioned, and any I've missed, thank you for all you do. I hope each of you enjoy this Christmas Season and look forward to next year.
