Mayor's Message

I am excited to introduce our new Community Development Director, Sean Conroy. Sean was hired to replace Cory Branch who was promoted to the City Administrator position.

For the last nine years Sean and his family have resided in Pacific Grove, California where he has been working as the Planning and Building Service Manager for the City of Carmel-by-the-Sea. Prior to his employment in California Sean worked in the Community Development Department for Utah County and Draper City.

Sean and his wife Brenna have three girls, Lily, Daisy and Holly. In his free time he enjoys spending time with his three daughters, playing basketball, softball, golf, and scuba diving. I know Sean will do a great job for Mapleton City and we welcome him.

Public Safety

New Police Trucks

By now you may have noticed the new police trucks being driven around town. Because the police were driving old used vehicles, with over 100,000 miles on them, that would sometimes not start; we have begun to lease vehicles at a lower cost to the City along with saving thousands of dollars on vehicle maintenance. Several other cities are using the same lease policy which is at a state contracted price. The new trucks will allow us to go into city areas where we previously could not go with a car. Also, the trucks will help get into the neighborhoods on the hillside in the winter where our police cars would previously get stuck. The trucks will be a great asset to the City and the safety of our community.

Public Works

Street Lights

With the change in daylight savings time, please be on the watch around your homes and neighborhoods for street lights that are not working or that cycle on and off and contact Public Works at 801-489-6253 to report the location. Rocky Mountain Power is currently working on setting several new street lights.

Debris

Public Works is constantly sweeping roads, curbs and gutters to keep leaves and debris from plugging up storm drains. Please do your part by keeping leaves and yard waste cleaned up around and in front of your home.

We are consistently cleaning sewer lines around the city and will be concentrating efforts in the southeast corner of the city for the next couple of months.
