**Reimbursement Schedule**

The City Engineer shall use the unit costs below to determine the total cost of the reimbursable improvements. The reimbursement amount shall be equal to ½ of the total cost for the portion of the improvements that front on a benefitting property.

1. **Sewer line.** Thirty dollars (\$30) per linear foot of frontage.
2. **Culinary water line.** Thirty dollars (\$30) per linear foot of frontage.
3. **Pressurized irrigation line.** Twenty dollars (\$20) per linear foot of frontage.
4. **Asphalt & road base.** Two dollars and twenty five cents (\$2.25) per square foot of pavement (including asphalt pavement and road base) per linear foot of adjacent property frontage. If concrete pavement has been used for the street surface, an additional fee of six dollars (\$6) per square foot of pavement shall be required.
5. **Curb, gutter and sidewalk.** Eighteen dollars (\$18) per linear foot of frontage for curb and gutter, and twenty one dollars (\$21) per linear foot of frontage for sidewalks.
6. **Administrative Fee.** Upon collection of a reimbursement, the City shall retain one percent (1%) as an administrative fee prior to remitting the reimbursement to the original developer.
