*Consideration to approve Mapleton City to purchase a Jacobsen R-311T – 11’
wide area rotary mower.*

BACKGROUND INFORMATION:

Mapleton City currently owns a 1998 Jacobsen wide area rotary mower. This is a main large deck mower that is used in all of the city parks. Because of the age, amount of maintenance required, and ongoing needed repairs, the Parks and Recreation department believes this is the time to replace the mower. The purchase price for the current 2013 model is \$47,974.00 on the State Bid. The purchase price for next year’s model will be \$56,996.00 on the State Bid. By trading in our current mower and purchasing the 2013 model, Mapleton City will save over \$10,000.00 (please see the attached proposal).

The Trade-in value of the 1998 Jacobsen mower is \$3,500.00. The Parks and Recreation Department has been saving for the past three years to purchase the mower. The money to purchase the mower is available in the Equipment Replacement Fund.

RECOMMENDATION:

Staff recommends that the Council approves Mapleton City to purchase a Jacobsen R-311T – 11’ wide area mower in the amount of \$47,974.00 to be paid from the Parks Equipment Replacement Fund.
