AGENDA ITEM

Consideration to approve Mapleton City to surplus or retain the City Youth Tackle Football Equipment.

BACKGROUND INFORMATION:

A committee of parents and the Maple Mountain High School head football coach have determined to support and play tackle football with the Utah Valley Football League (UVFL). At this time, there are not enough participants to support both programs. Mapleton City did not run a tackle football league during the 2014 season. This has left Mapleton City with a large amount of football equipment.

Most of the equipment, if in good condition, can be stored and used for several years, however football helmets should be refurbished after 5-6 years of use. The equipment can be advertised as surplus for a total minimum bid of \$9,094.00, and/or could be sold in 7 separate lots (see attached proposal).

It should be noted that the Parks and Recreation department has had several parents ask if the City would consider running a program again. Also, if the UVFL league is not successful, there is a possibility that the City would need to run the tackle football program again. If the City chooses to surplus the equipment, it would cost a significant amount of money for the City to purchase new equipment to re-start the program.

COUNCIL CONSIDERATION:

Options for Consideration:

Should Mapleton City surplus the Youth Tackle Football Equipment?

Should Mapleton City store the equipment for 1-2 more years?

Should Mapleton City surplus the Helmets and store the remaining equipment for 1-2 more years?
