Public Safety

Speaking directly to a 911 dispatcher is always the best and fastest way to get help in an emergency or to report a crime in progress. If you can call 911 for help, please do, but for those times when you can't call, there is now "Text to 911". This new feature is also a benefit to the hearing impaired and can be helpful in an emergency as opposed to a voice call to 911. Texting 911 gives emergency dispatchers the capability to communicate with citizens who find themselves in a position where they are unable to call 911 because of serious situations where calling for police assistance may expose a caller to more danger. Cases of abuse, burglary and robbery have been successfully reported across the country by callers who have been able to text 911 without tipping off a suspect. We are happy to be able to offer this life saving service to our citizens.

Fundraising Opportunity

If your team or group is interested in doing a fundraising dinner at a concert in the park this summer please contact Sharee Killpack at 801-636-0396 or via email at shareekillpack@gmail.com. We hope to have a fundraising dinner provided for each concert on Monday evenings at 7pm, provided by local Mapleton groups and their school or sports or other groups. Unfortunately, we cannot allow individual fundraisers.

Public Works

Rocky Mountain Power (RMP) will be in Mapleton in February trimming trees to protect the overhead power lines. If there are power lines on or around your property that run through or near trees, it is likely that RMP will trim those trees. Should you be affected, RMP will contact you personally to inform you of when and how they will be trimming the trees. If they fail to contact you via phone or in person they will leave a door hanger with their contact information. If you have any questions regarding the tree trimming please contact Jon Spicer, with Trees LLC, at 435-299-5207.

Senior Citizens

Blood Pressure/Blood Sugar Clinic

Thursday, February 8th at 10:30am.

Senior Luncheon

Thursday, February 8th at 11:30am at the City Building. The menu will be Toasted Cheese sandwiches with Tomato Soup. Seniors who wish to contribute can bring a salad, a side or dessert to share. Variety adds to the enjoyment and fun. A \$3 donation is welcomed from those who cannot bring a side dish to share. We will be having Skyler Nerdin, from Advanced Health Care, come and speak to us about safety in our daily routines. He will address preventing falls and other Senior safety concerns.

Utah County Health Department

Service Opportunities

The Utah County Senior Companion Program is looking for seniors 55 or older, who would like to serve seniors in their community taking them shopping, to medical appointments or being a friend. Senior Companions receive compensation for their time and reimbursement for mileage. Companions must be income eligible, be willing to serve 15 hours per week and have the desire to help others. Call the Senior Companion Program at 801-851-7767 or www.utahcountyhealth.org/seniorcompanion for an application or questions.

Mapleton City EMS/Ambulance

Recently a study in West Valley revealed that only 20 percent of the people in the area 'jump in' to help with a life-saving skill. Here in Mapleton, we would like to provide training at little of no cost to our citizens so that they will feel more comfortable in jumping in when there is an emergency. On January 27th, Your EMS crew taught almost 20 people CPR. It was a successful class with everyone learning the skill.

Our next class will be taught on February 24th, starting at 9AM. Three levels of CPR can be taught during the class, Hands-only, Heartsaver, and Basic Life Support. With the hands only, you will be taught CPR - there is no test and you will not receive certification. This is ideal for those that just want to know the basics of CPR. The next level is Heartsaver where you will learn more about CPR. You will receive a manual and a certification card upon successful completion of the course. There is a cost of \$20 which pays for the manual and card that we get from the American Heart Association. The next level is Basic Life Support (BLS) which is the initial level that healthcare providers need for their jobs. You learn even more about how you can help someone that is in cardiac arrest. For this level you will receive a manual and a card upon successful completion of the course. The cost for this certification is \$30. Please consider taking a CPR course so that you will feel prepared and able to help in a future emergency. If you are interested, please contact the city offices at 801-489-5655 to sign up.
