

# City Council Staff Report

June 3, 2015

**Applicant:** Mapleton City

**Prepared by:** Cory Branch

**Public Hearing:** No

## **REQUEST**

A discussion item regarding HB 362 (2015) as it relates to the 0.25% local option general sales tax.

## **BACKGROUND INFORMATION**

1. Utah League of Cities and Towns (ULCT) is requesting that each city/town throughout the state adopt a Resolution demonstrating support of the 0.25% local option general sales tax dedicated to transportation. This proposed Resolution would then be used to encourage Utah County to submit the proposal to voters in November 2015 and encourage voters to support the proposal. (see Attached Resolution)
2. The Utah Transportation Coalition is organizing media coverages of the proposed Resolution and will commission a poll of Utah residents to determine the public support for the local option sales tax.
3. Counties throughout the state are waiting for the results of both the city/town resolutions and poll results before deciding whether to proceed.

## **CITY COUNCIL DISCUSSION POINT**

Is there additional information that the Council would like to see prior to consideration of approving the proposed Resolution?

ULCT Draft HB 362 Resolution

## ULCT DRAFT HB 362 RESOLUTION

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF \_\_\_\_\_, UTAH, SUPPORTING THE HB 362 (2015) AUTHORIZED 0.25% LOCAL OPTION GENERAL SALES TAX DEDICATED TO TRANSPORTATION, ENCOURAGING THE COUNTY OF \_\_\_\_\_ TO SUBMIT THE PROPOSAL TO VOTERS IN NOVEMBER 2015, AND ENCOURAGING VOTERS TO SUPPORT THE PROPOSAL.**

**WHEREAS**, a safe and efficient transportation system creates the foundation for economic growth, improved air quality and public health, and enhanced quality of life; and

**WHEREAS**, the creation and maintenance of transportation infrastructure is a core responsibility of local government; and

**WHEREAS**, Utah's population is expected to grow by 2 million residents by 2040; and

**WHEREAS**, \_\_\_\_\_'s residents demand new comprehensive transportation options such as bike lanes, multi-use paths, off-road trails, and transit in addition to traditional roads; and

**WHEREAS**, due to our drastic shortfall in transportation revenue, \_\_\_\_\_ is using \_\_\_\_\_ dollars from the general fund to supplement the Class B&C Fund revenue in order to try to meet our local transportation needs; and

**WHEREAS**, research from the Utah Department of Transportation indicates that road rehabilitation costs six times as much as road maintenance, and road reconstruction costs ten times as much as road maintenance, and

**WHEREAS**, investing in transportation results in economic development for \_\_\_\_\_ city and \_\_\_\_\_ county and accessible good-paying jobs for our residents; and

**WHEREAS**, improving comprehensive transportation in \_\_\_\_\_ city and \_\_\_\_\_ county will reduce private vehicle usage which will in turn lead to improved air quality; and

**WHEREAS**, poor air quality discourages economic development, business recruitment and tourism visits, and contributes to asthma and other health ailments; and

**WHEREAS**, nearly 1 in 10 Utah adults suffer from asthma and struggle to breathe during poor air quality days; and

**WHEREAS**, nearly 57% of Utah adults are overweight, nearly 200,000 Utahns have diabetes, and diabetes and obesity related health care costs in Utah exceed \$700 million; and

**WHEREAS**, investing in safe and connected trails, bike lanes, sidewalks, and multi-use paths will encourage our residents to be more active, enable them to spend more time with their families via active transportation, and result in improved personal and community health; and

**WHEREAS**, Utah has created a Unified Transportation Plan to address these comprehensive transportation and quality of life issues; and

**WHEREAS**, the Utah State Legislature recognized the local transportation needs and enacted HB 362 which authorized counties to impose and voters to approve a 0.25% local option general sales tax dedicated to local transportation; and

WHEREAS, the [redacted] city/town will, upon county imposition and voter approval, receive 0.10 of the 0.25% sales tax to invest in critical local transportation needs.

THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF [redacted], UTAH:

**SECTION 1. Support the 0.25% Local Option General Sales Tax.** The [redacted] City Council supports the proposed 0.25% Local Option General Sales Tax that the [redacted] County governing body may submit to voters in [redacted] county in November.

**SECTION 2. Encourage Submission of Proposal to the Voters of [redacted] County.** The City Council urges the county governing body to submit the 0.25% local option general sales tax dedicated to transportation to the voters of the county for the November 2015 election. The City Council also publicly supports the county governing body in submitting the 0.25% local option general sales tax dedicated to transportation to the electorate of the county.

**SECTION 3. Encourage Voters to Enact the 0.25% Local Option General Sales Tax.** The City Council encourages voters to carefully consider the potential impact from the 0.25% general sales tax local option and to support the enactment of the 0.25% local option general sales tax because of the potential impact explained below.

**SECTION 4. Road and Street Needs in [redacted] City.** The City has significant traditional transportation needs that the municipal 0.10 portion could address. For example, the city has a backlog of road maintenance projects such as (insert as much information about potential projects as city sees fit). Adoption of the municipal 0.10 would enable the city to invest in the critical projects that our residents expect.

**SECTION 5. Active and Alternative Transportation Infrastructure Needs in [redacted] City.** The City has significant active and alternative transportation needs that the municipal 0.10 portion could address. For example, our residents are demanding improved sidewalks and pedestrian safety modes, enhanced bike lanes, better connectivity with transit, more traffic calming devices, and other modern transportation infrastructure (insert as much information about potential projects as the city sees fit). Investment in active transportation options will encourage residents to travel via walking, biking, and transit, result in a healthier population, reduced emissions, decreased health care costs, and improved quality of life. Adoption of the municipal 0.10 would enable the city to invest in the critical projects that our residents expect.

**SECTION 6. Investment in Transit (if applicable).** The City supports continued investment in public transit because transit can help relieve traffic, promote walkable communities, and improve air quality. The transit system will receive 0.10 of the county imposed and voter approved 0.25% local option general sales tax. The City expects the transit system to utilize the revenues collected within the City for projects that will expand local bus service, foster local and regional connectivity, and benefit the residents of the City.

**SECTION 7. Distribution of this Resolution.** A copy of this resolution shall be sent to the [redacted] County governing body, the Utah League of Cities & Towns, the Utah Association of Counties, the Speaker of the Utah House of Representatives, the President of the Utah State Senate, State Representatives and Senators who represent the City, and the Governor of Utah.

**SECTION 8. Effective Date.** This Resolution shall become effective upon passage.

**APPROVED BY THE CITY COUNCIL OF THE CITY OF \_\_\_\_\_, UTAH, ON THIS  
DAY OF \_\_\_\_\_, 2015 BY THE FOLLOWING VOTE:**
