DESCRIPTION

This **Private Workshop** is for law enforcement, probation officers, school administration, teachers, treatment providers and counselors. This session is unique, in that it provides over 120 visual aids for attendees to hold and become familiar with. In today's culture everything is person-specific and has different meanings to different individuals. For each person to help prevent youth and adult substance abuse, you **MUST** know what is going on in your community.

These new trends are very popular and it is important for all who are involved in prevention, education, treatment or enforcement to understand these sweeping changes in the drug culture.

This workshop covers alcohol and drug clothing, alcoholic energy drinks, alcopops, alcohol and drug concealment methods and containers, drug paraphernalia, drug related music and groups, logos, stickers, new technology, youth party tendencies, party games, non-traditional alcoholic beverages, social networking sites, synthetic drugs, OTC drugs, inhalants, concentrates, E-cigarettes, and popular party drugs.

COMMUNITY TRAINING

This **community training** will explain current drug trends, including identifiers, logos, and clothes to demonstrate possible high-risk behaviors in youth. This presentation explains the current drug & alcohol terms in simple language for each attendee to apply what they learn in their community, school, or even at home.
